

Luxury bespoke furniture for hotels, restaurants & bars, shops, cruise ships and private yachts

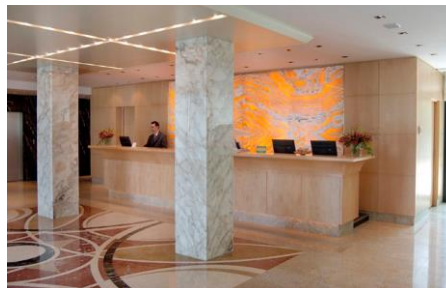

Since over forty years, the company Tino Sana is a reality of wood and design "masters", engaged to work for the best hospitality, retail structures and pleasure craft, where perfection is required in every detail.

To fulfil and satisfy all customers' needs: this is the challenge that the company aims to win every single day.

The proposed solutions derive from the integration of experience and know-how.

Addressing the most ambitious projects is the best way to improve one's knowledge and skills, in order to innovate materials, colours and shapes and keep tradition always up to date.
