

SafBuild

- **Fit out Components**
- **Bespoke Furniture**
- **Energy Saving & Indoor Air Quality**
- **Security Systems**

We are **exclusive distributors** of Italian innovative and technically selected components and materials in the field of Construction.

We provide **turn-key solutions** thanks to the strong cooperation with our reliable local installation partners.

Our product range includes:

- **Fit out Components** for residential, commercial, office and hospitality sectors
- **Bespoke Furniture** for hotels, restaurants, bars, shops
- **IAQ (Indoor Air Quality) and Energy Saving** equipment
- **Security Systems**

We ensure high customisation, on-time delivery, very competitive prices and excellent customer service.

Why should Architects, House Builders, Building Contractors, Interior Designers, Property Developers, Shop fitting Contractors, Hotel Sports & Leisure Specifiers and many other professionals choose Safbuild to assist them in the selection of building materials and accessories for internal and external finishing?

Maybe the following ten reasons, which we consider our **strong points**, will help you understand why you should rely on us.

OUR STRONG POINTS

1. **PROJECT MANAGEMENT CAPABILITY** - our Staff boasts **decades of remarkable experience** in coordinating commercial and residential building and renovation projects also complying with Quality System requirements
2. **TAILOR-MADE SOLUTIONS & CUSTOMER SATISFACTION** - our staff, our suppliers and our partners are all focused in the achievement of full **customer satisfaction** and work together to fit the requirements of the most demanding Architects and Interior Designers
3. **“MADE IN ITALY” ADDED VALUE** - Made in Italy design products will add **prestige** to old and new buildings thus appealing to the most demanding customers and increasing the commercial value of such properties on the construction market
4. **ENERGY SAVING** - we selected high performing products and devices that ensure real energy saving improvement in order to comply with the new **statutory requirements** and grant to the residents considerable money saving over time
5. **ECO-FRIENDLINESS & INDOOR AIR QUALITY** - our selected products guarantee maximum eco-friendliness and improvement of **health care and well-being** in the residential, commercial and leisure facilities where they are used
6. **COST-EFFECTIVENESS** - our products guarantee Made in Italy design combined with high quality and cutting edge technologies at a **competitive price** ensuring the best price-performance ratio.

7. **QUALITY ASSURANCE** - we select our Italian suppliers checking their premises, their manufacturing processes, their **Quality Control system** and their logistic department in order to ensure the best service to our customers
8. **PRE-SALES CUSTOMER'S ASSISTANCE** - we assist our customers in selecting the best products for their applications by accurate check of required technical specifications, detailed presentation of the products and transfer of complete technical datasheets. Our technicians are available to perform **Onsite Inspection** in order to verify measures and installation requirements. Our quotations show a detailed description of the supplies and the services to be provided with complete delivery/installation timetable
9. **MONITORED DELIVERIES & WAREHOUSING** - our staff keeps updated delivery tracking record of all shipments. We provide delivery onsite control check (to be carried out together with the customer) in order to verify **Packaging Integrity**, exact content and perfect conditions of the supplies. After our inspection, a dedicated form will be filled in with all the control check details. Warehousing service is available on request
10. **POST-SALES CUSTOMER'S ASSISTANCE** - thanks to our **continuous presence** in the UK, we provide our customers with all the needed post-sales services such as: (i) management of installation, when provided, ensuring continuous interface and coordination with the main contractor, other contractors and technical surveyors, (ii) final commissioning and (iii) onsite control check (to be carried out together with the customer) in order to verify the correct installation and functioning of the products. After our inspection, a dedicated form will be filled in with all the control check details.

OUR STRONG POINTS

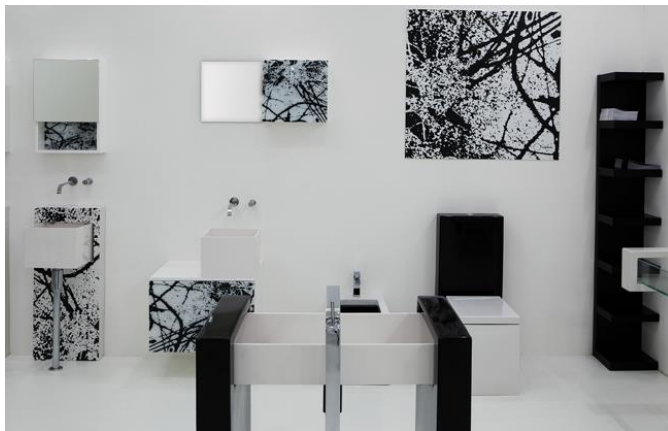

Our selected products can be genuinely **tailored** according to the specific, unique and individual needs of our valued customers.

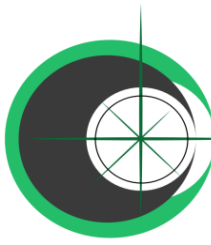

Our staff are entirely focused on providing **full assistance** to customers and any kind of services required, coordinating all the activities from the design phase to **project management**, after-sales assistance, installation and maintenance services.

Whenever our customers rely completely on us and feel that they have found the right partner to accompany them in the building / renovation phase of their **residential, commercial, office and hospitality properties**, then we have achieved our target.

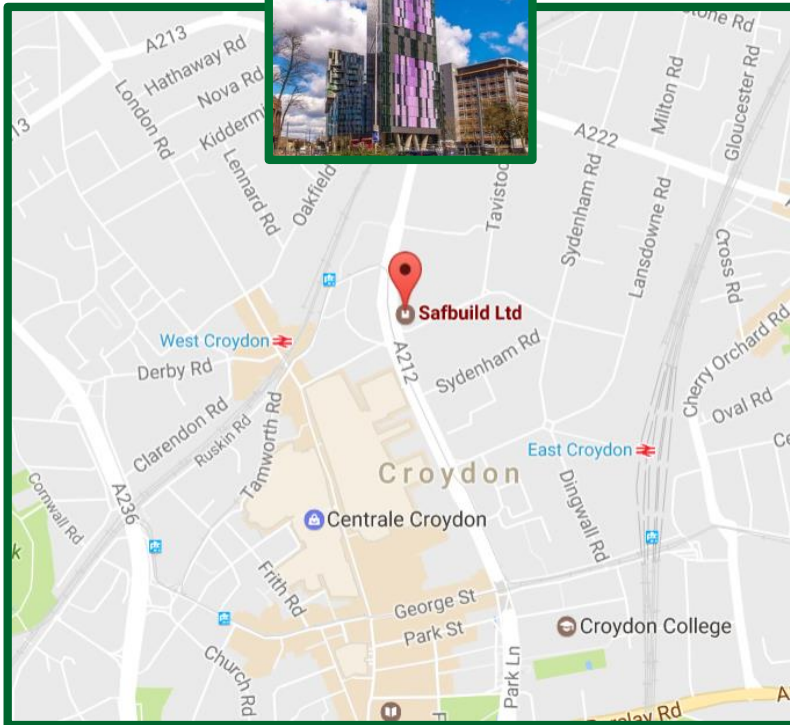

Should any possible challenges arise, we are committed to resolving them in a timely manner.

We are extremely dedicated to our business which is also our **passion**.
