transparent

pezzo speciale di partenza

La collezione CHEVRON, la cui caratteristica è la forma rettangolare con i lati corti inclinati di 30°, nasce dall'esigenza di creare un rivestimento movimentato e mai scontato, in grado di creare innumerevoli giochi geometrici. La collezione è realizzata in bicottura e conta 10 colori e 3 diverse superfici (craquelé - silk - transparent) offrendo così al progettista infiniti abbinamenti. CHEVRON interpreta uno stile versatile per ambienti che vogliono distinguersi con "ritmo e giochi" di colore e superfici.

The CHEVRON collection is characterised by its rhombohedral shape with short 30 ° inclined sides and arises from the need of a dynamic and unpredictable tiling layout, which can be used to create countless geometric games. Collection is produced by double firing and is available in 10 colours and 3 different finishes (craquelé - silk - transparent), which offer the designer infinite combinations. CHEVRON interprets a versatile style for environments that want to stand out with "rhythm and games" made by colours and surfaces.

7) CHEVRON A/B + 6,5x26 - 2,5"x10"

8) 20x60 - 8"x24" Bridge + CHEVRON A/B

9) CHEVRON A/B + 6,5x26 - 2,5"x10"

Pezzi speciali

Sono *i dettagli a fare la differenza*, è per questo che abbiamo curato ogni particolare della collezione, per rendere la posa rifinita e facile da applicare.
Abbiamo progettato tre pezzi speciali:

- **set di partenza (2pezzi)**

per chiudere con facilità la posa ed evitare tagli al posatore

- **baguette**

un elemento decorativo che snellisce o interrompe la posa e la rende più movimentata

- **quartino**

è l'elemento di chiusura, che raccorda il rivestimento alla parete con lo stesso smalto.

Special pieces

Details make the difference. That's why we paid attention to every detail of the collection, to make the tiling refined and easy to do. We have designed three special pieces:

- **starting set (2 pieces)**

to easily close the installation and avoid cuts to the installer

- **baguette**

a decorative element that slims or interrupts the pose and makes it more animated

- **quartino**

it is the closing element, which connects the covering to the wall with the same glaze
