To mould light

The success of Senio Vetri Ceramici consolidates in the new trademark HEOS. HEOS, to catch the light suggestions and fix the colours of the dream. The magic union of the art of glass and of ceramics, the imagination of the project and the new technologies – the ingredients to create a matter rich in wonderful light effects. New colours, new sizes and handicraft mosaics to make the most of the glamour and success of the exclusive idea of Senio that matched so smartly the artistic creativity and the technological and productive mastery.

The colours

Do emotions have a colour? HEOS is fully convinced of that. It transmits them through the richest chromatic assortment, no less than 20 colours, mostly realized in the light and dark version.

Fantastic plays of light and fanciful colours are mixed to bring out the depth and transparency of the environment. It is a joy for the eyes.

High relief decors

HEOS is a treasure of brilliant ideas. Decors and special pieces complete the new SENIO line. From the simple matita vaschetta, through the low relief decors enriched by the hand brushed touches of colours, up to the winking chiaroscuro plays typical of the high relief decors realized with special glazes.

Low relief decors

The instinctive joy transmitted by the sunflowers reaches immediately the heart and warms the soul. To be surrounded with the reassuring atmosphere evoked by the bleu lime, by the coral birch and by the other leaf decors of SENIO. Simple emotions transmitted by the low relief decors, genuine natural gifts made gentler by the hand touches of colours.
