Luna

Senio Atelier ti presenta **LUNA**, la nuova collezione in ceramica da rivestimento realizzata in bicottura, caratterizzata dal particolare **formato esagonale**, da diversi **pezzi speciali che richiamano le fasi lunari** e da un formato più grande in cm **20x60 - 8"x24"** (*Bridge collection*).

La collezione è versatile poichè si adatta a diversi stili e composizioni: i formati, i colori e le diverse superfici, miscelati tra loro, consentono non solo di rifinire il rivestimento, ma creano vere e proprie geometrie originali e inaspettate. E' inevitabile giocare con i formati e creare sinergie tra i colori e le superfici *craquelé*, *transparent* e *silk*...

Senio Atelier presents **LUNA**, the new double fire wall collection. It is characterized by the unique **hexagonal shape** and by several **special pieces recalling the Moon phases** and it is completed by a new bigger size: **20x60 cm - 8"x24"** (*Bridge collection*). This collection is very versatile and suits different styles and combinations: the mix of the available sizes and the colors not only complete the wall tiling, but also create original and unexpected compositions. You won't resist playing with shapes and create synergies between the colors and the different surfaces: *craquelé*, *transparent* or *silk*.

*"È tutta colpa della luna,
quando si avvicina troppo alla terra,
fa impazzire tutti"*

*"It is the very error of the Moon,
she comes more nearer earth than she was wont,
and makes men mad"*

(Othello, V, 2) - William Shakespeare

DÉCO

Glicine

DÉCO *Glicine*

Линейка **GLICINE** из коллекции DÉCO отлично дополняет выпущенную ранее LUNA. DÉCO создана фабрикой Ceramica SENIO по дизайну промышленного и интерьерного дизайнера из России Ольги Подольской.

Изюминка новинки заключается в элегантной игре цветов, фактур и элементов, основные из которых шестигранник 20x23 см и палочка 1,2x13 см. Коллекция состоит из 5 базовых элементов в 11 цветах, где все крупные элементы имеют матовую шелковистую поверхность, а мелкие тех же оттенков - НО гляцевую.

Дополнительным эффектным покрытием в GLICINE стало Antic Silver - состаренное или "вулканическое" серебро.

Линейка GLICINE происходит от названия цветка "Глициния" - сама по себе очень нежная. С GLICINE хорошо использовать современные комплекты мебели, дерево, кожу и натуральный камень.

La linea **GLICINE** della collezione DÉCO integra perfettamente la già esistente serie LUNA. DÉCO è realizzata da Ceramica SENIO sull'idea della designer russa Olga Podolskaya.

Particolare attenzione è stata data allo studio degli eleganti abbinamenti di colore, alle superfici e ai formati, tra cui spicca la combinazione tra l'esagono 20x23 cm e la matita trapezio 1,2x13 cm. I 5 esagoni prevedono una superficie silk in abbinamento a matite dalle stesse tonalità ma con finitura lucida, per un totale di 11 colori. Particolare di pregio della linea GLICINE è la superficie metallica dell'Antique Silver, che richiama la magia di un argento "vulcanico". La linea GLICINE prende il suo nome dal fiore omonimo, di cui trasmette la stessa delicatezza. In abbinamento alla linea GLICINE consigliamo un arredamento moderno, che preveda elementi in legno, pelle e pietra naturale.

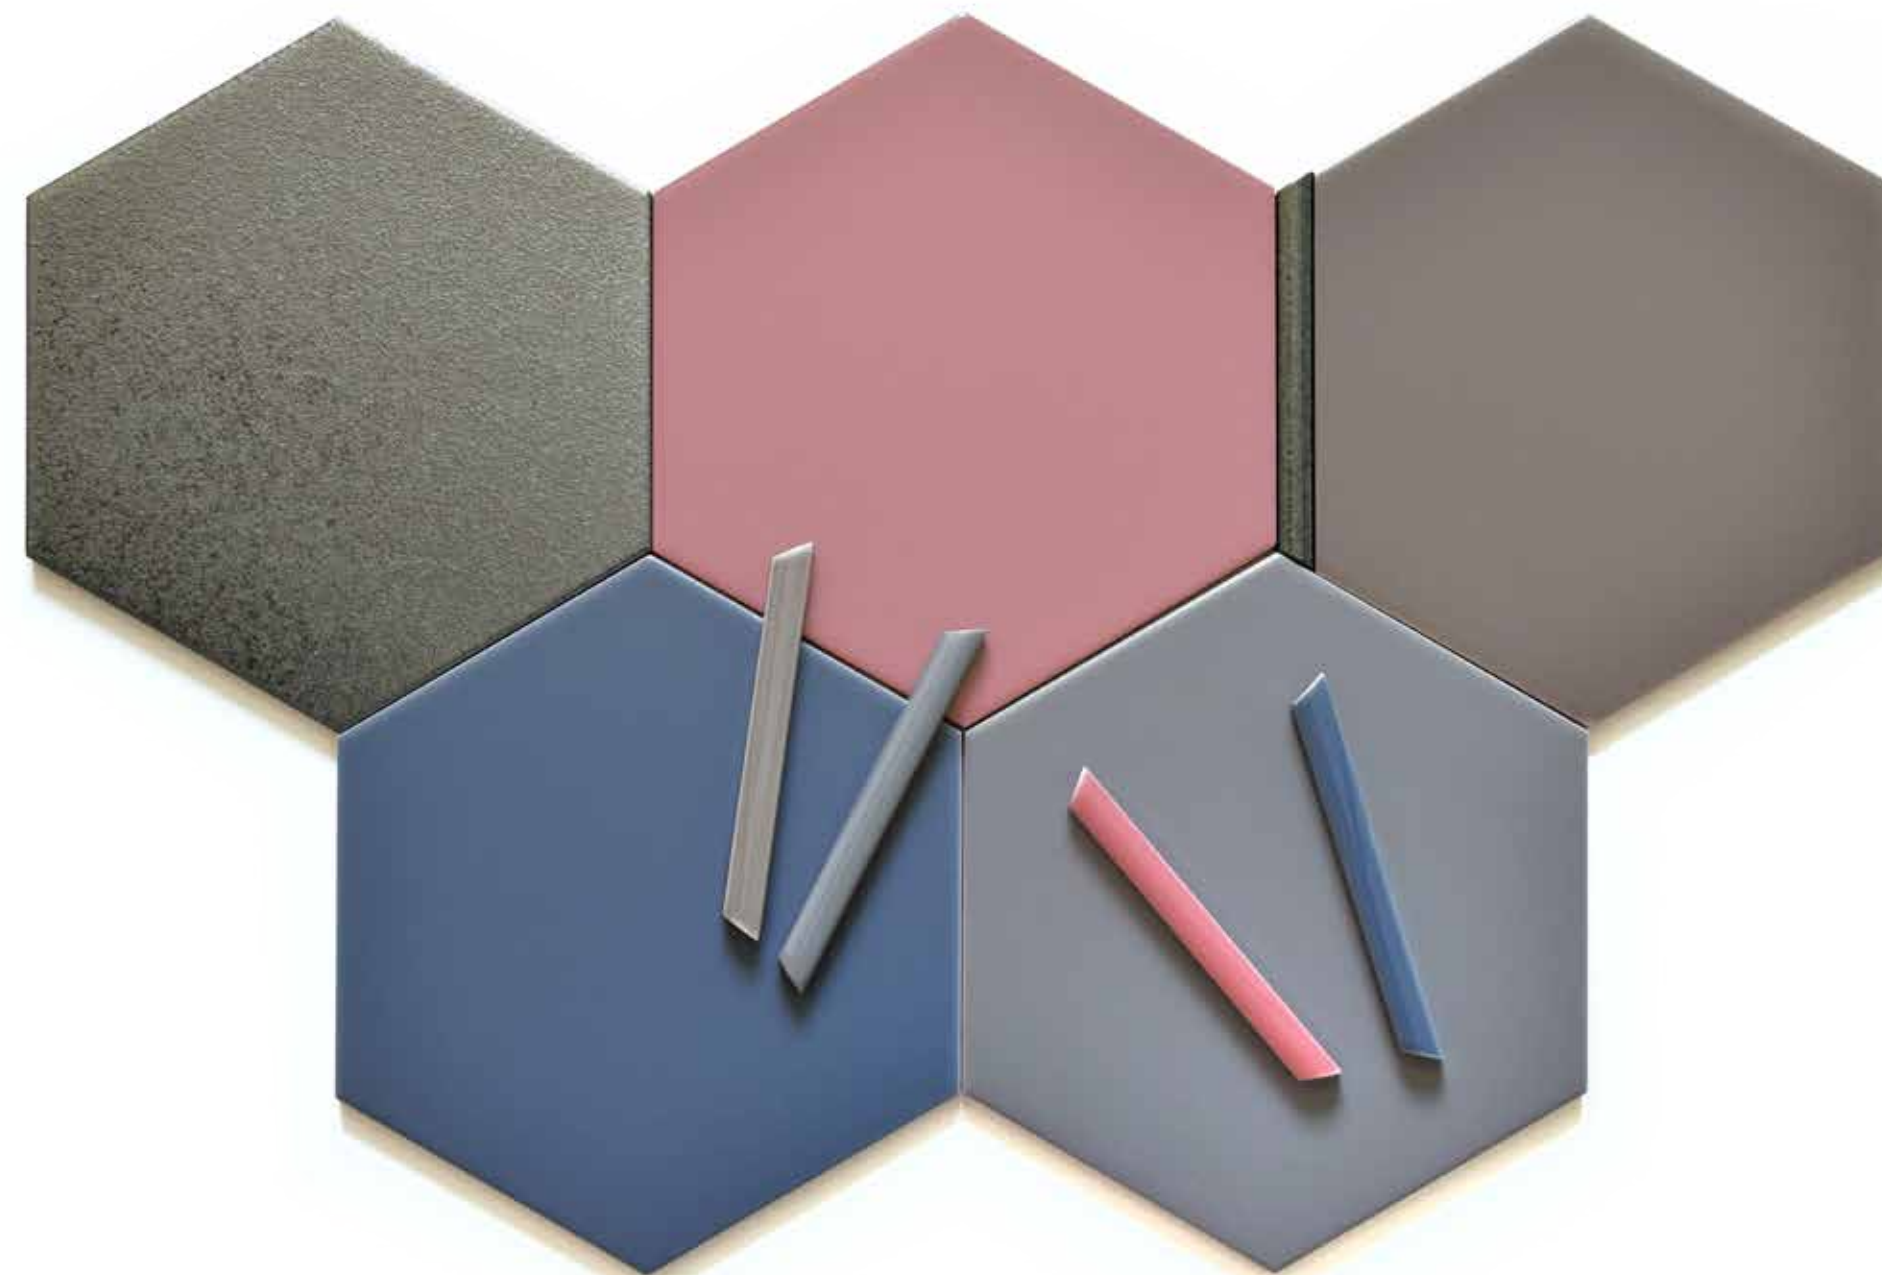

GLICINE range of DÉCO Collection was created by Ceramica SENIO for Russian designer Olga Podolskaya and it perfectly integrates the already existing LUNA series.

A close attention was paid to the study of elegant colour matchings, refined surfaces and innovative sizes, like the 20x23 cm - 8"x9" hexagon combined with a 1,2x13 cm - 0,5"x5" trapezoidal matita. The hexagons composing the collection are available in 5 colours with silk surface in combination with matitas of the same colours but in glossy finish. GLICINE line includes also the unique Silver metallic surface recalling the mystery of the volcanic silver, for a total of 11 different colors. The elegance of the wisteria flower (GLICINE) has inspired the name of this range. We suggest GLICINE for modern settings enriched by wood, leather or natural stone elements.
