SYNTHESIS

# SYNTHESIS

Il decoro diventa un punto, una linea, un leggerissimo bassorilievo minimalista che, accarezzato dalla luce, crea un delicato chiaroscuro sulla superficie satinata della parete. Tre semplici elementi grafici che possono formare infiniti giochi di luci e ombre, moderni e suggestivi.

Particolarmente studiata per architetti e arredatori, SYNTHESIS può caratterizzare da sola un ambiente donando classe, personalità e stile.

The decor becomes a dot, a line, a very light, minimum relief. Caressed by light, it creates a delicate chiaroscuro on the satin surface of the walls. Three simple graphic elements can make thousands of modern and suggestive plays of light and shade.

Especially studied for architects and designers, SYNTHESIS can characterize the environment with class, personality and style.

Due elementi: POSITIVO e NEGATIVO che possono comporre pareti intere, giocando su tenui vibrazioni, create dalla luce radente la texture che caratterizza il prodotto.

*The assemblage of two elements - POSITIVE and NEGATIVE - can cover full walls, playing with the slight vibrations of the light glancing the texture of the product.*

# Mediterranea

# Mediterranea Craquelè

Ceramica Senio presenta la nuova collezione "Mediterranea" ispirata ai colori suggestivi dei panorami mediterranei. La collezione è principalmente adatta per l'utilizzo a rivestimento, è realizzata in bicottura ed è composta da formati modulari: cm 20x20, cm 9,85x9,85, cm 4,85x4,85 e cm 4,85x20.

Questa linea si presta ad arredare sia ambienti moderni che tradizionali con la possibilità di caratterizzare gli spazi inserendo pezzi speciali o mosaici fatti a mano.

La superficie si distingue per la sua profonda brillantezza data dallo smalto craquelè. La modularità dei formati permette di abbinare la collezione Mediterranea al formato cm 20x60 della collezione Bridge.

*Ceramica Senio presents the new collection "Mediterranea" inspired by the evocative colours of the Mediterranean landscapes.*

*"Mediterranea", mainly suitable for wall tiling, is a double fire wall tile range composed by modular sizes: cm 20x20 - 8"x8", cm 9,85x9,85 - 4"x4", cm 4,85x4,85 - 2"x2", cm 4,85x20 - 2"x8".*

*This collection is perfect to furnish both modern and traditional environments and gives the possibility to personalize the spaces with hand made special pieces and mosaics.*

*The surface is distinguished by the brilliance and depth of the craquelé glaze. Thanks to their modular sizes, Mediterranea Collection can be combined to Bridge Collection (cm 20x60 - 8"x24").*

## Processo produttivo - Production process

La collezione Mediterranea è stata ideata, progettata e realizzata, esclusivamente in Italia, con la tecnologia della Bicottura tradizionale. Questa tecnica comporta cicli di cottura di 10-12 ore che permettono di ottenere superfici e colori brillanti dalle raffinate qualità estetiche. Con l'ausilio di macchine, solo dov'è necessario, conserviamo la tradizione e un procedimento artigianale che fornisce ad ogni processo industriale un valore unico. Ogni pezzo speciale, infatti, è stato progettato e realizzato a mano come fosse una scultura, solo in seguito sono stati creati gli stampi usati per la pressatura ad umido.

*The Mediterranea collection is 100% Italian designed, developed and realised using traditional double-fire technology. This production process requires a production cycle of 10-12 hours which gives gloss surfaces and bright colours of refined aesthetic quality. Machinery is used only when necessary, thus preserving our tradition and an handcrafted process resulting in the unique quality of each industrial process. The prototype of each listello or special piece is designed and realized as a hand sculptured item and only after this is the mould for casting made.*
